Boot Camp	Cardio Strength & Core	Muscle Pump	Kettle Bell	ZUMBA
A combination of strength, cardio, muscle endurance, flexibility, core, and functional movement patterns.	Burn Calories! Build Muscle! Strengthen Your Core! Cardio mixed with strength training segments; followed by intensive core work.	Build strength and tone muscles with barbells and dumbbells.	Build strength, vaporize fat, and maximize training time while challenging your aerobic & anaerobic condition, balance, strength, and flexibility.	Have fun and get into shape! Easy to follow, Latin inspired, calorie burning dance party!

Pilates	Yoga	Spin	TRX Training	Kick & Lift
Exercises that strengthen the abs, back, hips, and thighs. Pilates tones your entire core while improving balance and flexibility.	Suitable for all levels. Yoga is a potent alignment oriented practice based on physical postures (asanas), flexibility, deep breathing, and mindfulness.		Build a strong core for strength and explosiveness in movements using your arms, shoulders, back, hips, and thighs.	Burn mega calories with high intensity kickboxing moves; mixed with strength training using barbells & dumbbells.
